

PVC Duct Hose

APPLICATIONS

- Extensively used in woodworking industries for dust collection purposes.
- Ideal for ventilation purposes, air conveyance and fume extractions.
- Performs well for conveying of dust and lightweight powders.

FEATURE

- Light weight
- Light pressure resistance
- Good abrasion resistance
- Superior flexibility

MATERIAL

PVC reinforced with a continuous rigid material helix.

TEMPERATURE

-10°C to 60°C

Code	Nominal Diameter (Inch)	I.D. (mm)	O.D. (mm)	Standard Weight (kg/m)	Length per roll (mt)
