

# PVC Grit Hose

## APPLICATIONS

As suction and discharge hose very ideally for abrasive mineral sands, gravel, cement, powders, chips, shavings.

## FEATURE

- Extremely abrasive resistant
- Extremely anti crush
- Inside surface perfectly smooth, outside corrugated
- High tensile strength and tear resistant
- Good resistance to UV and ozone

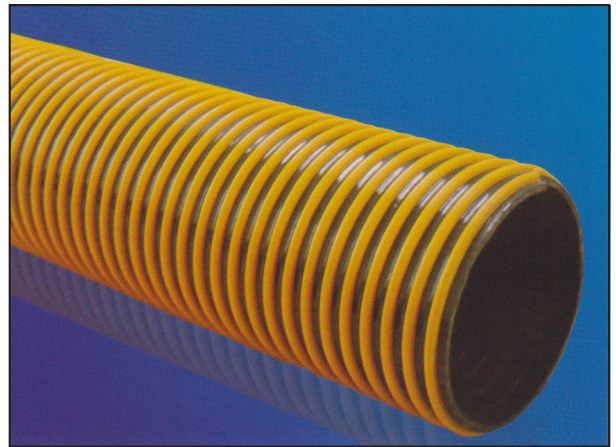

## MATERIAL

Wall : Special abrasion resistant materials

Spiral : Rigid PVC spiral

## TEMPERATURE

-20°C to +70°C (Short time to 80°C)

Code	Nominal Size	I.D. (mm)	O.D. (mm)	Working Pressure (bar)	Bending Radius (mm)	Length per roll (mt)
